ADMISSION FAQ

Frequently Asked Questions | Academic Session 2026-27

Q1. How do I apply for admission to Brainware University?

Applications can be submitted online at brainwareuniversity.ac.in/apply-now.php, or offline at the Admission Department at the Barasat campus on any working day between 10 AM and 6 PM. The online process takes about 10-15 minutes.

Q2. What is the Brainware Eligibility Test (BET)?

BET is the University's own entrance examination: a one-hour, 100-mark, multiple-choice test that serves as the primary gateway to most UG, PG, and Diploma programmes. Some programmes instead accept WBJEE, JENPAS (UG), CAT, MAT, CMAT, XAT, or WBJEMAT scores.

Q3. Can I get direct admission without appearing for an entrance test?

No. Admission to the vast majority of programmes requires clearing BET or an accepted equivalent entrance exam; direct admission without a qualifying score is not permitted.

Q4. Can I apply for more than one programme?

Yes, candidates may apply for multiple programmes if undecided, but must submit a separate application, pay the Rs. 400 application fee separately for each, and clear the relevant BET syllabus for every programme applied to.

Q5. What is the application fee, and is it refundable?

The application fee is Rs. 400 per programme and is strictly non-refundable, even in the case of cancellation or non-selection.

Q6. What is the minimum amount to reserve a seat?

A provisional seat-booking amount of Rs. 5,000 is payable to reserve a seat; this amount is later adjusted against the programme fee for the semester.

Q7. I am awaiting my Class 12 or graduation results. Can I still apply?

Yes, Brainware University allows provisional admission based on predicted scores or pre-board results, particularly for high-demand programmes. Once results are declared, candidates must submit official documents to confirm eligibility and finalise admission.

Q8. What documents are required at the time of application?

Only self-attested scanned photocopies are needed at the application and seat-booking stage. Original documents, including the Migration Certificate, are required only at physical verification at the Barasat campus before classes commence.

Q9. Does Brainware University accept international or NRI applicants?

Yes, the University has a dedicated International Admission Cell that assists foreign nationals and NRI applicants with eligibility mapping, visa documentation guidance, and a separate fee structure.

Q10. Can working professionals apply for the Ph.D. programme?

Yes, working professionals may apply for the part-time Ph.D. format. They must clear the BWU-PET entrance test, pass the interview, and submit a valid No Objection Certificate (NOC) from their employer.

Q11. What happens if I cancel my admission after confirming it?

Refunds for a cancelled admission are processed as per UGC guidelines based on the date of withdrawal. The initial Rs. 400 application fee remains non-refundable in all cases.

Q12. Whom should I contact for admission-related queries?

Candidates can call the Admission Department at +91 70031 62601, write to info@brainwareuniversity.ac.in, or use the Quick Contact form on the University website.

For queries not covered here, candidates may contact the Admission Department directly at +91 70031 62601 or info@brainwareuniversity.ac.in.
